Marina Fiesta[®]
RESORT & SPA

Dear Member,

We would like to take this opportunity to inform you about recent improvements that have been made to your resort, Marina Fiesta Resort & Spa. For those of you who have not recently visited, we are providing you with an update on these new additions:

The floor around the main pool was repaired as well as the interior and exterior tiles of the pool. We added new lighting around the pool area which gives a complete new look to the area and its surroundings. The Palapa restaurant has also a new and improved menu.

After our New Year celebration, the remodeling project continued with the renovations of the units. Once complete, the units will have beautiful pastel colors with a nautical theme. There are already some model rooms available. The renovations are being done in a strategical manner that will not disturb our guests.

We have also remodeled the Golden Zone by the marina board walk of the hotel featuring restaurants such as the new Jack's Bar & Grill, the fascinating Cantina Bar at the Tequila Museum and the refurbished terrace of Los Deseos, our Mexican restaurant. Come and enjoy this attractive area with a choice of restaurants, music and entertainment.

We welcome you to come and visit us in your Casa, Marina Fiesta Resort & Spa in Los Cabos.

Sincerely,

Gabriel Macias
